Safety Instructions:

- Sitting time recommendation: Do not use the chair for more than 8 hours a day. Regular breaks and changes of position are recommended to prevent damage to health.
- Maximum user weight limit: No more than 110 kg. Do not exceed this weight.
- The product is intended for adults and is not suitable for children. Never allow children to play on the chair unsupervised.
- Ensure that the chair is correctly assembled and that all adjustment mechanisms are correctly set to prevent injuries. Check the settings before use to avoid back and neck strain.
- The product should be checked regularly for proper functioning. Especially the height adjustability and mechanics.
- If there are visible signs of wear or damage, stop using the chair and contact the manufacturer if necessary.
- Avoid improper use of mechanical functions. Regular maintenance of the mechanics is recommended to ensure safe use.
- When using on smooth floors, ensure that the chair cannot slip.
- Observe the product instructions for use and cleaning to promote the longevity of the materials.
- The upholstery and cover are easy to clean; make sure to clean stains immediately to ensure their durability.
- To prevent the risk of blood clots, you should get up regularly and move around if you sit for long periods.
