Safety Instructions:

- Use the chair on a stable and level surface to prevent it from tipping over.
- Ensure regular inspection and maintenance of the mechanical components and adjustment options to ensure proper functioning.
- Only adjust the seat height and tilt in accordance with the operating instructions.
- Maximum load capacity: 110 kg to ensure stability and safety.
- Avoid sitting on armrests and overloading the chair.
- Check the fabric regularly for damage to avoid abrasion or tears.
- Do not allow children to play unsupervised near the chair.
- To avoid the risk of falling, do not use the chair as a ladder set or for improper use.
- Long periods of sitting for up to 8 hours, with regular breaks to encourage movement.
- If used incorrectly, there is a risk of stability problems and fall injuries.
- Only use suitable upholstery cleaners for the fabric cover to avoid damage.
- Read the safety check and instructions before use.
- Do not use the chair on floors that are unsuitable for children.
- Installation according to instructions required for safety.
