Article Numbers: 152570, 152569, 152568, 152567, 152566, 152565, 152564, 152563, 152562, 152561, 152560

Safety Instructions:

- Not suitable for contact with food.
- Be careful when using welding equipment and take protective measures to avoid injury from heat or moisture.
- Keep away from children to avoid choking hazard.
- Protect from direct sunlight, cold, excessive heat and extreme temperatures.
- Do not bring near open flames, fire or high temperatures, as flammable.
- Avoid contact with sharp or pointed objects to prevent damage to the film.
- Do not use foil in the microwave to prevent melting.
- Do not use for food packaging unless expressly authorised, as there is a risk of migration of substances.
- Make sure to dispose of the film in an environmentally friendly manner, as it is not biodegradable.
- If stored or used improperly, the material may pollute the environment or crack.
- Make sure that small parts do not fall into the hands of small children to avoid the risk of suffocation.
- There is a risk of injury from sharp edges or cuts if handled incorrectly.
- Do not use for very heavy objects without additional protective measures.
