Safety Instructions:

- Only suitable for storing food if declared as food-safe. Items should not be extremely hot.
- Protect from fire and excessive heat. Do not store near naked flames or hot surfaces.
- Keep out of reach of children to avoid the risk of injury or choking on small parts. Not suitable for children under 3 years of age.
- Do not use the film over an open fire or in the microwave/oven. Not suitable for storing sharp or pointed objects.
- Avoid direct sunlight and high temperatures to prevent discolouration and material damage.
- Only use for light, loose items. The bags are not suitable for mechanical loads. Use suitable closure options.
- When using welded, glued or stapled connections, ensure that the food contact materials are safe. Improper use can cause burns.
- When disposing of plastic waste, always observe the local regulations for plastic waste in order to avoid environmental pollution.
- Store in a cool, dry place to ensure material integrity.
- Caution: If used incorrectly, the film can tear and jeopardise the contents.
- Not to be used for the long-term storage of very hot or very cold foods.
