Safety Instructions:

- Pay attention to the stability of the flat shipping box and avoid excessive loads to prevent damage. Maximum load capacity: 30 kg.
- Avoid storage in damp environments and protect the box from moisture to prevent material degradation of the corrugated cardboard.
- Keep the box out of the reach of children, as it is not suitable for children under 3 years of age and there is a risk of choking on small parts.
- Only use the box for its intended purpose and ensure that no sharp, heavy or harmful objects damage the box.
- Protect the product from fire.
- Carry out product management in accordance with the general safety requirements and contact us in the event of damage or defects.
