Safety Instructions:

- Avoid pinching when using the film.
- Keep the film out of the reach of children to avoid the risk of suffocation.
- Do not use for food packaging unless authorised to do so as it has not been tested to food standards.
- Avoid direct contact of the film with hot surfaces or sources of fire to prevent the risk of fire.
- The film should not be used near open flames or heat sources.
- Keep the film away from sharp objects to prevent damage.
- We recommend wearing protective gloves when using the film to avoid skin irritation.
- Store the film in a cool, dry place to ensure its quality.
- Protect the film from direct sunlight to prevent material degradation.
- When using machines for processing, ensure adequate protection against injury.
- Do not use the film as a toy to avoid the risk of suffocation.
