### Safety Instructions:

- The cabinet must be placed on a level and stable surface to prevent it from tipping over.
- The maximum load on the shelves is 50 kg. Please do not exceed this and distribute heavy objects evenly.
- Assembly should be carried out in accordance with the manufacturer's instructions to ensure stability and safety.
- Do not place the cabinet in the immediate vicinity of heat sources and avoid direct sunlight to prevent damage.
- Only use the product for its intended purpose (storage of files) and only use it indoors.
- If damaged parts occur, contact the manufacturer.
- Keep the area around the cabinet free of obstacles to avoid injury.
- Do not use any chemical cleaning agents that could damage the surface.
- Place the cabinet in a dry place to prevent mould growth.
- Ensure that the door and blind are not jammed or blocked to avoid injury.
- Keep the blind fully open or closed to prevent damage.
- Clean the surfaces of the cabinet regularly to avoid wear and tear and hazards from sharp edges.
