Safety Instructions:

- Ensure that the roller shutter cabinet is stable and cannot fall over, especially on stable and level shelves.
- Maximum load on the shelves: Do not exceed 50 kg.
- Regularly check the compartments and shelves for damage.
- Cabinet not suitable for the storage of flammable materials.
- Store in dry, temperature-controlled rooms to avoid deformation.
- Carefully read and observe the operating and installation instructions.
- Secure the cupboard against tipping over, especially when stacking.
- Clean the cabinet only with suitable agents.
- Do not force open or close cabinet doors.
- When transporting the cabinet, ensure that it is safely secured.
- Take care with sharp edges during assembly.
- Only use the shelves and supports provided.
- Keep the lock closed when not in use.
- Keep out of reach of children.
- Risk of suffocation due to improper handling of the blinds.
- Risk of shearing due to moving parts of the roller shutters.
- Risk of falling if several cupboards are stacked incorrectly.
