Safety Instructions:

- Only use the chair on the intended surface (e.g. on carpet or hard floors) to avoid the risk of tipping over.
- The maximum load capacity of the chair is 110 kg. Do not exceed this to avoid structural damage or injury.
- Ensure that the chair is positioned on a stable and level surface to prevent it from tipping over.
- Keep small parts and accessories out of the reach of children to avoid the risk of suffocation.
- Avoid heavy mechanical loads on the armrests and backrest to prevent breakage.
- Ensure that no parts of the body are trapped when adjusting the height of the safety lift.
- Clean the chair regularly and according to the manufacturer's instructions to ensure safety and longevity.
