Article Numbers: 98481, 98465, 98464, 132432, 132431, 132430

Safety Instructions:

- Watch out for sharp edges when opening and closing the waste bin and the stainless steel flap.
- Avoid overloading the container to prevent it from tipping over or exceeding the maximum capacity of 45 litres.
- Secure the waste bin correctly when attaching it to the wall or post to prevent accidents caused by it tipping over or falling.
- Attach safety information and clear installation instructions to prevent improper use and incorrect installation.
- Check for damage before use to prevent injury from sharp edges or heavy parts.
- Regular maintenance and inspection are necessary to ensure that there are no sharp edges or damage and that functionality is guaranteed.
- Keep the container away from open flames and extreme temperatures to avoid damaging the material.
- Not suitable for children, set up to avoid risk of injury from sharp edges and other hazards.
- Using the product for purposes other than those described may be dangerous. Observe the intended applications.
- If handled incorrectly, the lid could cause injury, therefore enclose safe handling instructions.
- The product must be made of safe materials without harmful chemicals.
- Avoid cutting or crushing due to unsuitable storage or transport conditions.
