### Safety Instructions:

- Store safely in a dry, well-ventilated environment.
- Use for the intended purpose to avoid hazards.
- Carry out regular inspections for damage or wear.
- Wear suitable personal protective equipment (safety goggles, gloves) when handling chemicals.
- In case of contact with chemicals, rinse immediately with plenty of water and seek medical attention.
- Ensure disposal in accordance with local regulations for hazardous waste.
- Store and transport safely to avoid damage.
- Observe all safety regulations before coming into contact with chemicals.
- Do not install in the immediate vicinity of heat sources.
- Attention: Only suitable for the storage of chemicals listed in media list 40-1.1.
- Safety data sheets for the stored chemicals must be available and accessible.
- Do not overfill: The collection volume of 55 litres must not be exceeded.
- Before use, ensure that the tray is standing on a stable, level surface.
