Article Numbers: 132577, 132576, 132575

Safety Instructions:

- Chemicals can be dangerous. Protect yourself with suitable protective equipment (e.g. gloves and protective clothing).
- Do not use for the storage of unauthorised and non-compliant substances. Only authorised for substances hazardous to water.
- Check the integrity and functionality of the drip tray regularly; stop using it immediately if it is damaged or cracked.
- When handling chemicals, appropriate safety data sheets must be observed and protective measures must be adhered to.
- Store and use out of the reach of children.
- Avoid overfilling the drip tray to prevent overflowing and not to exceed the maximum storage capacity.
- A suitable forklift is required to lift and move the tub safely.
- Before use, ensure that the drip tray is properly positioned to prevent leakage.
- Improper handling can result in risks such as chemical leaks that jeopardise health and the environment.
