Safety Instructions:

- Before use, ensure that the pallet truck is standing securely on the floor.
- If used incorrectly, there is a risk of injury from clamping, falling over or tipping loads.
- The product is not suitable for use by children.
- Regular maintenance and lubrication of moving parts are required.
- Do not load beyond the maximum load capacity of 3.0 tonnes.
- Take care not to load the fork above the maximum lifting height of 200 mm.
- When travelling with the pallet truck, check the surroundings for obstacles to avoid accidents.
- Only to be operated by trained personnel.
- Keep hands and feet away from the forks and castors during operation.
