Article Numbers: 305044, 305041, 305040, 305038, 305037, 305036, 305035, 305034, 305033, 305032

Safety Instructions:

- Read and follow the operating instructions carefully before use.
- Ensure that the pallet truck is operated on a level and stable surface to prevent it from tipping over.
- Do not exceed the maximum load capacity of 2 tonnes to avoid overloading and damage.
- Wear suitable personal protective equipment (PPE) such as safety shoes and gloves.
- Check the product regularly for wear, damage and mechanical damage.
- The load may only be lowered when the pallet truck is stationary.
- Take particular care when handling and transporting heavy loads and ensure that you have a clear view.
- Do not operate the product in explosive or flammable atmospheres.
- Do not use for the transport of people.
- Users of the pallet truck must be trained to avoid injuries.
- Before use, check the hydraulic unit and hydraulic pump for leaks and proper functioning.
- Ensure that the fork rollers and castor wheels function properly and are maintained to prevent tipping.
- Secure the load properly to prevent it from slipping.
- Regular maintenance required to ensure safety.
- Suitable for use with standardised pallets.
- Do not leave the product unattended when tilted.
