Article Numbers: 132522, 132521, 132520

Safety Instructions:

- Beware of pressure build-up in the container during the pumping process. There is a risk of overpressurisation in the container during the pumping process.
- Ensure use only with compatible fluids. Observe protective measures when handling alkaline liquids and chemical media.
- Not suitable for contact with food unless specifically tested. Not suitable for food or drinking water unless specifically stated.
- Ensure that all components are properly installed to prevent leaks. Risk of injury due to improper use and improper handling.
- Avoid skin contact with pumped media. When using seals, pay attention to the respective pumped medium. Warning: Do not use for aggressive chemicals without first checking the seals.
- Risk of suffocation due to improper use of small parts. Loss of fuel or oil due to improper handling.
