Article Numbers: 175221, 175220

Safety Instructions:

- Caution: Risk of slipping on smooth surfaces if the cable bridge is not properly secured.
- Ensure that the application is carried out in accordance with the specific substrates, especially when using double-sided adhesive tape.
- If used improperly, small parts may come loose and pose a choking hazard.
- Avoid exerting excessive pressure on the cable bridge to prevent damage and the risk of slipping.
- Before use, ensure that the cable bridge is correctly mounted and stable.
- Avoid use on uneven or slippery surfaces.
- When installing on carpeted floors, ensure that the Velcro system adheres properly.
- The cable bridge should not be overheated, especially in direct sunlight.
- Carry out regular checks for possible damage or wear.
