Safety Instructions:

- Attention: This is a piece of furniture. Small parts could fall off during assembly and pose a choking hazard for small children. Avoid small parts that are inaccessible to children.
- Ensure that the assembly instructions are followed to ensure stability and safety. Carefully check all parts and instructions before assembly.
- The melamine-faced chipboard furniture can be damaged if handled incorrectly, which could result in injury. Before use, ensure that all parts are correctly assembled to avoid injury.
- Please check the edges and surfaces for sharp edges or breaks to avoid cuts. Sharp edges should be checked before use.
- Set up out of the reach of children to minimise misuse and the associated risk of injury. Keep the container away from direct sunlight to prevent discolouration of the material.
- Risk of injury due to improper handling of parts during assembly.
- Please note that mineral oil-based adhesives may be used during self-assembly, which could pose a health risk if inhaled.
- Ensure that the container is placed on a stable and level surface. On smooth floors, ensure that the container is stable to prevent it from tipping over.
- Keep products away from fire, as the use of chipboard poses a fire hazard. Avoid using the container near open flames or hot appliances.
- Safety instructions for storing heavy objects on the shelves to prevent them from tipping over. Keep heavy objects on the lower shelves to reduce the risk of tipping over.
- Observe the maximum load capacity of the shelves and do not overload them.
