Article Numbers: 162582, 162581, 162543, 162542, 162541, 162540, 162539, 162537

Safety Instructions:

- Not suitable for children under three years of age due to choking hazard from small parts. Keep out of reach of children.
- Protect from direct sunlight, extreme temperatures and moisture.
- Application only recommended on clean and dry surfaces. Make sure that the surface is clean and dry to ensure optimum adhesion.
- Not suitable for alcoholic, fatty substances or contact with food. Not suitable for human consumption.
- Check product for suitability before use. Test critical substrates for sufficient adhesive strength before use.
- Do not apply the labels to uneven, unsound or unsuitable surfaces to avoid peeling or damaging the surface.
- Labels are not suitable for use outdoors or at low temperatures (below 0°C) as they are not waterproof. Avoid direct contact with water.
- The labels are made of chlorine-free bleached paper and solvent-free adhesive; improper use may impair adhesion.
- Safety warning: Product instructions and information must contain all relevant safety information in clear, understandable language.
- This product is not suitable for use on sensitive or easily damaged surfaces.
- Paper labels can leave deposits or residues if used improperly.
