Safety Instructions:

- The product contains glass that can be broken. Take care when handling and when inserting and removing glass shelves.
- Ensure that the sliding doors are properly secured with the safety lock to prevent unauthorised access. Regularly check the sliding doors and safety locks to ensure that they are working properly.
- The display case is intended for indoor use only and must not be used outdoors.
- Make sure that the cabinet is stable, securely mounted on the wall and cannot tip over, especially when loaded with objects.
- Use parts that are inaccessible to children to avoid the risk of suffocation. The glass shelves are fragile and should be kept away from children.
- Do not place heavy or fragile objects on the glass shelves to avoid the risk of breakage. Avoid overloading the cabinet to prevent structural weakening.
- Follow the instructions carefully when fitting the glass shelves to avoid injury.
- Take care with sharp edges and corners of the cabinet, especially on glass and aluminium, to avoid injury.
- Environmentally friendly disposal of packaging materials and the product in accordance with local regulations.
