Safety Instructions:

- Observe the maximum load of 150 kg to avoid breakage or instability.
- Avoid the risk of suffocation due to improper use of the step stool on stairs or unsafe surfaces.
- Be aware of the risk of slipping when using on smooth surfaces.
- Risk of electric shock due to improper use of electrical appliances in the vicinity.
- Ensure that the stool is correctly assembled and that it is assembled in accordance with the enclosed instructions in order to avoid accidents.
- Before use, ensure that the stool is placed on a stable, level surface.
- Do not use with more than one person at a time.
- Children may only use the stool under adult supervision.
- The step stool is only suitable for persons over the age of 18.
- Check the wheels regularly for proper function, damage or wear.
- Make sure that the area around the step stool is free of obstacles to prevent falls.
- Do not use the step stool as a ladder or for unsafe working on high objects.
