Safety Instructions:

- The office chair should be checked regularly for damage to ensure that it is still stable and safe.
- The chair must not be loaded beyond the recommended maximum load of 110 kg.
- Avoid using the office chair on uneven or slippery surfaces to prevent falls.
- The height adjustment mechanism should be operated with care to avoid injury.
- The fabric cover should be cleaned and maintained regularly to ensure fire safety and hygiene standards are met.
- Take care not to block the tyres of the star base in order to minimise the risk of falling or tripping.
- Clear, easy-to-understand instructions must be provided for height adjustment and other adjustment mechanisms.
