Safety Instructions:

- Make sure the chair is at the right height to avoid back, leg and foot problems.
- Only use the synchronised mechanism and height adjustment to the intended extent to ensure an ergonomic sitting posture and avoid the risk of suffocation.
- Check the stability of the chair regularly to minimise the risk of accidents.
- Make sure that the chair is used on a stable and suitable surface to prevent it from tipping over.
- Keep small parts and built-in mechanical components away from children to avoid injury.
- Warning for use with a weight of over 120 kg. The maximum load capacity of 120 kg must not be exceeded.
- Please note that there is a risk of slipping on smooth floors with the double castors.
- Risk of injury from sharp edges or moving parts.
- Ensure that height-adjustable components are correctly secured to prevent falls.
- Regular maintenance and cleaning to prevent damage and hazards.
- Include instructions for using the product to ensure safe use.
- Only use the intended care for the fabric cover to ensure safety.
