Article Numbers: 143083, 143058, 143057, 143056

Safety Instructions:

- Ensure that the product is not assembled or used improperly.
- Observe maximum load capacity: 200 kg; avoid overloading to minimise risks.
- Keep the product away from naked flames or other sources of heat, despite the flame-retardant materials.
- Caution: Edges and surfaces can be sharp; use the product carefully, especially during assembly.
- Regularly check the integrity of all product parts before use.
- The product is not suitable for children under 3 years of age due to possible choking hazard from small parts and is generally recommended for adults.
- High-gloss chrome-plated surfaces can be slippery; take care in wet conditions.
- Ensure that the chair is placed on a stable surface to ensure safety.
- Point out the safe use of the product to minimise the risk of injury.
- Disconnect the product from the power supply before carrying out maintenance work on electrical components.
- Avoid contact between sharp objects and upholstery to prevent damage.
- The use of genuine leather and imitation leather can cause allergic reactions.
