Safety Instructions:

- Ensure that the table is placed on a stable and level surface to prevent it from falling over or becoming unstable.
- Check the stability of the table regularly, especially at maximum height and before use, to avoid the risk of falling.
- Only use on stable, level surfaces to prevent the risk of tipping over.
- Protect the table from direct sunlight to prevent colour changes and overheating.
- Avoid sharp objects or excessive pressure on the table surface to prevent scratches.
- When adjusting the height, care must be taken to ensure correct functionality and stability in order to avoid injuries.
- Height adjustment may only be carried out by qualified persons in order to avoid injuries caused by improper adjustment.
- All parts must be properly assembled before use to ensure safety.
- Choking hazard due to small parts or improper handling of the table; take care when assembling or moving the table.
- Product is intended for use by adults, children should not play in the vicinity unsupervised.
- Observe the maximum load capacity of the table to prevent structural damage and to avoid overloading the table.
- The product is not suitable for children under the age of 14 without supervision.
- The table should not be used outdoors.
- Check the surface and edges regularly for damage to avoid scratches or cuts.
- Follow the enclosed installation and operating instructions to ensure safe use.
- Keep the area around the table free of obstacles to avoid the risk of tripping.
- In the event of damage, take out of service immediately and contact the manufacturer.
- Ensure that the attachment table is mounted securely so that there is no risk of injury due to wobbling or instability.
- The melamine-coated chipboard is hard-wearing, but avoid sharp objects to minimise scratches.
- Carry out regular visual inspections for damage and signs of wear.
- The product should only be used by adults to minimise the risk of injury.
