

Product Safety Information

Collecting tray AW 1000-10/2

Please note the technical data of the products!

Article Numbers: 132843, 132842, 132841, 132840, 132839, 132838

Safety Instructions:

- Product suitable for the storage of flammable and water-polluting liquids; protection required.
- Observe maximum load and storage capacity (1000 litres); avoid overfilling.
- Wear protective equipment (gloves, respiratory protection, eye protection) to avoid injury.
- Carry out regular checks for damage or corrosion.
- In the event of a leak, empty immediately and dispose of the liquid properly.
- Only use in well ventilated areas.
- Check the stability of the tray when storing heavy containers; ensure suitable underride height.
- Look for approved gratings in good condition; no damage.
- Follow all local regulations for the storage of hazardous liquids.
- Not suitable for children, especially when handling chemicals.
- Only suitable personnel should operate and maintain the drip tray.
- Observe the safety instructions and instructions for use to avoid accidents.
- Avoid contact with flammable liquids; keep ignition sources away.
- Place the product on a stable, level surface to prevent it from tipping over.
- Only use the product for its intended purpose, not for other liquids.
- Surfaces and edges may be sharp; handle with care.
