Safety Instructions:

- Take care to protect the container from sharp edges or hazardous materials.
- The bin is heavy; take care when lifting and carrying to avoid injury.
- Keep the waste bin away from children to avoid the risk of injury. Not suitable for children under 3 years of age as it may contain small parts that pose a choking hazard.
- The pedalling mechanism should be checked regularly for functionality.
- Avoid overfilling the bin to prevent the lid from not closing properly.
- Ensure that the waste bin is placed on a stable, level surface to prevent it from tipping over.
- Keep the waste bin dry to prevent corrosion and malfunctions.
- The use of waste bags is recommended to ensure hygienic handling.
- Use the foot lever mechanism carefully to avoid injury.
- There is a risk of injury from sharp stainless steel edges if handled incorrectly.
- The waste bin should not be overheated or brought into contact with hazardous chemicals in order to avoid material damage.
- The product should not be placed near open flames or heat sources.
