Safety Instructions:

- Keep away from sharp, pointed or heavy objects when using the open-fronted storage bins.
- Not suitable for food storage to avoid risks of consumption.
- Do not exceed the load capacity of the boxes by more than 5 kg to prevent them from breaking or tipping over.
- Ensure that the crates are stored securely to prevent accidents caused by falling.
- Do not use above the recommended maximum temperature of 100 °C to avoid deformation.
- Keep boxes away from heat sources to prevent damage.
