

Product Safety Information

Fasteners

Manufacturer/Responsible Person: OMIT Acoustics GmbH, Wolfersheimer Straße 23-25, 66440 Blieskastel, Deutschland
E-Mail: info@omit.de

Please note the technical data of the products!

Article Numbers: 191856, 191855, 191854, 191853, 191852, 191851, 191850, 191849

Safety Instructions:

- Ensure that the connecting elements are firmly and securely installed to prevent accidents and instability.
- Regularly check the stability and safety of the partition walls.
- Keep the products away from open flames and extreme temperatures to avoid material damage.
- Use of the connecting elements is at your own risk; the manufacturer is not liable for improper handling.
- Observe the maximum load according to the product instructions; do not overload the connecting element to prevent material failure or accidents.
- Particular care must be taken when handling flexible connecting elements to avoid damage caused by inappropriate tensile and compressive forces.
- Ensure that all parts are correctly and firmly connected, safety mechanisms are in place and assembly instructions are followed to ensure structural stability and protection against injury.
- Installation should be carried out by qualified personnel and the installation instructions must be read carefully before use.
- Keep the product out of the reach of children to minimise the risk of injury or choking on small parts.
- Avoid improper use as this can lead to injury and instability; only use the product in accordance with the specifications.
