

Product Safety Information

Aluminium transport trolley, long side foldable or collapsible, with hinged lid

Please note the technical data of the products!

Article Numbers: 150533, 150532, 150531, 150530

Safety Instructions:

- Caution: Choking hazard due to small parts during loading and unloading.
- Make sure that the transport trolley is not overloaded to avoid accidents or damage. Please note the maximum load capacity: 250 kg and 300 kg depending on the model.
- Regularly check the stability and functionality of the fold-down wall; safety risk due to improper lowering.
- Wear suitable footwear and non-slip gloves when using the transport trolley.
- Secure the trolley when it is not in use to prevent movement and ensure that the trolley is stabilised when empty to prevent it from tipping over.
- Secured storage required to prevent uncontrolled rolling away.
- Use under supervision, especially near children; keep out of reach of children.
- Ensure that there are no persons in the danger zone before moving the trolley or lowering the wall.
- The transport trolley is only suitable for indoor use; do not use outdoors.
- Ensure regular inspections for damage and wear before use.
