Safety Instructions:

- Please ensure that the shelf trolley is used on a stable, level surface to prevent it from tipping over.
- The maximum load capacity of 150 kg must not be exceeded.
- Make sure that the loading height does not exceed 920 mm when loading to ensure safety.
- The shelf trolley is only intended for use with suitable loads - do not transport hazardous materials or liquids.
- Before use, ensure that all safety functions of the wheels, such as wheel locks, are working properly.
- Caution: Large objects can tip or fall; do not overload.
- Take care when driving: Check the brakes on the castors before using the trolley.
- Safety instructions for operation must be read and followed before use.
