### Safety Instructions:

- Ensure that the shelf trolley is used on a level surface to avoid tipping. Take care when using on uneven surfaces to minimise the risk of tipping.
- Do not exceed the maximum load capacity of 150 kg.
- When transporting heavy goods, always ensure that the load is evenly distributed.
- Check the running gear regularly for wear and functionality.
- Avoid overloading the trolley or using it with inappropriate objects.
- Wear protective clothing when moving heavy loads.
- Provide user instructions with clear safety instructions.
- Secure the swivel castors with wheel locks to prevent them from rolling away unintentionally.
- The product is not suitable for use by children as there is a risk of injury.
- The use of additionally weighted objects is not permitted without prior safety evaluation.
