Safety Instructions:

- Install the toilet seat in accordance with the enclosed instructions to ensure that it is securely fastened.
- The hinges are made of metal and should be checked regularly to ensure that they are tight to prevent the lid from breaking off.
- Avoid contact with sharp objects to prevent scratches or damage to the material.
- The toilet seat is not suitable for children as there is a choking hazard due to loose parts.
- Check the condition of the toilet seat regularly and replace it if it shows signs of wear.
