

Product Safety Information

Rectangular tank standard, GRP, 100 l

Manufacturer/Responsible Person: CEMO GmbH, In den Backenländern 5, 71384 Weinstadt, Deutschland

E-Mail: kontakt@cemo-group.com

Please note the technical data of the products!

Article Numbers: 74186, 74142, 150441

Safety Instructions:

- Not suitable for storage of more than 100 litres to avoid overfilling or overpressure.
- Avoid storing aggressive or highly corrosive chemicals without consulting the manufacturer or obtaining special authorisation.
- Protect the container from direct sunlight and heat to prevent material damage and deformation.
- Keep the container out of the reach of children.
- Only use the container within the specified temperature range of -30° to +40°C and always observe the ambient temperature.
- Use only for the storage of non-flammable liquids.
- Do not install in the immediate vicinity of heat sources.
- When transporting the container, ensure that it is properly secured to prevent it from falling over and spilling.
- Before use, ensure that the container is clean and intact to prevent leaks.
- Do not bring into contact with food.
- When storing chemical liquids, ensure that the container is tight and stable.
- If the container is damaged, dispose of it immediately in accordance with local regulations.
- The use of gloves and safety goggles is recommended when handling the container.
