

Product Safety Information

Rectangular tank standard, GRP, 550 l

Manufacturer/Responsible Person: CEMO GmbH, In den Backenländern 5, 71384 Weinstadt, Deutschland

E-Mail: kontakt@cemo-group.com

Please note the technical data of the products!

Article Numbers: 74147, 150454, 150447

Safety Instructions:

- Do not bring into contact with food, as the container is not authorised for the storage of food.
- Take care when filling with aggressive chemicals; resistance to certain acids and alkalis must be checked beforehand. Avoid direct contact with aggressive chemicals that could damage the material. Wear gloves when handling to avoid skin contact with chemicals.
- Note the temperature range: the container is only suitable for temperatures from -30°C to +40°C. Never store above 40°C and below -30°C.
- When stacking, ensure that the containers are stable and not overloaded to prevent them from tipping over. There is a risk of injury from the container tipping over if used incorrectly.
- The container should be protected outdoors from direct UV radiation in order to maximise the service life of the materials. Protect from direct sunlight, although UV-resistant.
- Protect the container from direct exposure to the weather to prevent deformation.
- During transport, ensure that the container does not tip over or become damaged.
- For outdoor use, ensure that the container is adequately protected against mechanical impact.
