Article Numbers: 151780, 151779

Safety Instructions:

- Beware of pinch protection for drawers and moving parts.
- Only open and close drawers individually to prevent them from tipping over.
- Observe the maximum load capacity of 35 kg per drawer.
- Do not apply any unauthorised loads in excess of the specified load capacity.
- There is a risk of damage or injury in the event of overloading.
- Place on a stable surface for optimum stability.
- Brake the wheels when not in use to prevent them from rolling away unintentionally.
- Do not overload the workshop trolley to prevent it from tipping over.
- Regularly check the stability and braking function of the castors.
- Drawers should be locked during transport to prevent unintentional opening.
- The workshop trolley must be placed on a firm and level surface to ensure stability.
- To avoid injury, do not climb onto the workshop trolley or misuse it as a work surface.
