Article Numbers: 465037, 91045

Safety Instructions:

- Not suitable for transporting live plants or animals.
- Only use in dry conditions to avoid deformation or damage.
- Avoid excessive loads above the specified load capacity of 40 kg.
- Regularly check the structural integrity of the box before use.
- Avoid using the folding box in direct contact with food, as no specific food safety information is provided.
- Do not use the folding box near heat sources or expose it to extreme temperatures above 60°C, as this may affect the integrity of the material.
- Children should be kept away from the folding box to minimise the risk of injury.
- If the folding box is visibly damaged or cracked, do not use it and dispose of it accordingly.
