Article Numbers: 97992, 97991, 97990, 97989, 97988, 97910

Safety Instructions:

- Observe the maximum payload of 40 kg to avoid instability and structural damage.
- Use the lid handles correctly to avoid injury.
- Place the container on a stable, level surface to minimise the risk of tipping.
- Use only for the intended purpose and avoid excessive loads.
- Check regularly for damage to minimise safety risks.
- Keep out of the reach of children to avoid the risk of choking.
- Take care on uneven surfaces to avoid the risk of falling.
- Not suitable for children as there is a choking hazard.
- Protect against sharp objects and chemicals.
- Only use waste bins for designated waste.
- Observe the tare weight of 10.7 kg when lifting.
- Ensure stability during transport to prevent tipping or slipping.
- Suitable for outdoor use, do not expose to extreme weather conditions.
- Do not use for flammable or hazardous substances to avoid fire or safety hazards.
- Connect all parts properly before use.
- Ensure that the waste bin is stable to prevent it from tipping over.
- In strong winds, ensure that the waste bin cannot be moved uncontrollably.
- Check wheels regularly for proper functioning.
