Safety Instructions:

- Risk of suffocation due to improper use, e.g. by filling with hazardous materials.
- Risk of injury due to improper handling, especially when transporting the bin.
- Health risk due to improper disposal of waste.
- Enclose operating instructions for safe use and disposal.
- Make sure that the waste bin is placed on a stable and level surface to prevent it from tipping over.
- The waste bin must not be overloaded (max. payload: 56 kg).
- Avoid stacking heavy or sharp objects over the edge of the bin.
- Only use the waste bin for its intended purpose and observe the local regulations on waste disposal.
- Keep the bin out of reach of children and pets to avoid accidents.
- Take care when lifting heavy loads to avoid back injuries.
- Avoid skin contact with sharp edges or corners of the bin.
- After use, store the bin safely and stably to avoid the risk of falling.
- Do not fill the bin with hot materials in order to avoid material damage.
- Only allow children to handle the waste bin under supervision to avoid accidents.
