

Product Safety Information

Recyclable material collection stations, 240 litres, half-round head

Please note the technical data of the products!

Article Numbers: 132276, 132275, 132274

Safety Instructions:

- The collection station is heavy. Make sure that it does not tip over or injure people when moving.
- Keep people, especially children, away from the flaps to avoid injury.
- Ensure that all door and flap mechanisms function safely to minimise the risk of crushing.
- Use suitable protective equipment when setting up and installing the collection station.
- Regularly check the stability of the collection station and the functionality of the locking mechanisms.
- Take care when handling sharp or heavy objects during use.
- Make sure that the station is not set up near children to avoid accidents.
- Ensure that the station is placed on a stable and level surface to prevent it from toppling over.
- Carry out regular inspections to ensure that all components are intact and show no signs of damage.
- When disposing of materials, ensure that they comply with local regulations.
- Do not overload to avoid structural damage.
- Use appropriate lifting techniques when handling the product to prevent back injuries.
- The product must be protected from direct sunlight and extreme weather conditions to prevent damage.
