Safety Instructions:

- Ensure stability and mount the shelf on a level, stable surface to prevent it from tipping over.
- Attach the shelf securely to the wall, especially in households with small children, to prevent it from tipping over.
- Observe the maximum load capacity and avoid overloading to prevent structural damage.
- Check and secure sharp edges before use; take care during assembly to avoid injury.
- Protect the shelf from moisture and direct sunlight to prevent material damage.
- Carefully read and follow the manufacturer's instructions before installation and use to ensure that all parts are correctly installed.
- Check connecting elements and fastenings regularly for strength to ensure stability.
- Carry out regular stability checks and tighten the shelf if necessary.
- Keep children away, as small parts or sharp edges can pose a risk of injury.
- Use suitable tools for safe use and wear protective clothing during installation.
- Only use the product for its intended purpose and do not place it near fire or heat sources.
