Article Numbers: 881678, 881676

Safety Instructions:

- Protect consumers from the risk of falling due to improper installation or use of the safety grille.
- Use only with the appropriate special plugs and screws to ensure secure installation. Mounting material not included in the scope of delivery.
- Ensure that the product is installed out of the reach of children to avoid the risk of injury. Keep small children and pets away during installation.
- Before installation, check the overall stability of the safety gate. Regularly check the safety and installation of the grille for possible wear or damage.
- Make sure that all safety rails are firmly and securely installed to prevent them from tipping over.
