Article Numbers: 91741, 91740, 91739, 91738

Safety Instructions:

- Only use on clean, dry surfaces to avoid the risk of slipping.
- Do not apply the product to damp or dirty surfaces.
- Clean the substrate thoroughly before application to ensure optimum adhesion.
- Do not use in areas with extreme temperatures, strong chemical influences or frequent wetness.
- Use a suitable primer for exterior use, especially on porous substrates with Primer 94.
- Improper application can result in the loss of anti-slip properties or detachment.
- Ensure that the anti-slip layer of mineral grit is not worn away.
- The anti-slip floor coverings are PVC-free and therefore safe to use.
- The product is designed for industrial and outdoor areas, so only use it there.
- Make sure you comply with the applicable safety standards for slip resistance.
- Store the product in a cool, dry place to preserve its properties.
- Not suitable for applications that exceed normal use.
