

Product Safety Information

Floor marking tape, W 100 mm, L 50 m

Manufacturer/Responsible Person: Stehimpuls GbR, Coburger Straße 1, 96126 Hafenpreppach, Deutschland

E-Mail: info@stehimpuls.de

Please note the technical data of the products!

Article Numbers: 73609, 73608, 73607, 73482, 73481, 73480, 121997, 121993

Safety Instructions:

- Caution: Risk of adhesion if the tape is used incorrectly (adhesive can stick and injure skin).
- The tape should be applied to a clean, dry and smooth surface to ensure optimum adhesion and longevity.
- Avoid direct contact of the tape with solvents or aggressive chemicals.
- The tape is not suitable for use above 60 degrees Celsius or in high-temperature or very humid environments.
- When using in areas with heavy traffic or risk of tripping, ensure that the belt does not cause an accident.
- Take care when removing the tape as it may stick to the surface.
- The product is not recommended for outdoor use, as UV radiation and weathering can damage the material components.
- Avoid attaching the tape to uneven, freshly coated or oily surfaces to minimise the risk of falling and accidents.
- If used incorrectly, the tape can cause damage or risk of injury due to blistering, creasing or tearing.
- To avoid injury, do not use sharp objects when handling the belt.
- Keep the strap away from small children to avoid the risk of suffocation.
- Avoid laying the tape in areas exposed to direct sunlight for long periods of time.
- Make sure that the edges of the belt are pressed down firmly to prevent lifting and tripping.
- There is a risk of slipping if the surface is wet or dirty.
- The product is not intended for use in safety-critical applications.
- Pay attention to protective measures when attaching the strap.
