

Product Safety Information

Tipping container type BK 50

Please note the technical data of the products!

Article Numbers: 73186, 73185, 73184, 73183, 73015, 73008

Safety Instructions:

- Do not exceed the maximum load capacity - max. 1000 kg.
- Ensure that the tipping container is correctly mounted on the forklift truck and that only compatible, suitable forklift trucks are used.
- Only carry out the tipping process on firm ground and in stable positions to avoid tipping over.
- Use suitable personal protective equipment (PPE) such as gloves and safety goggles during operation.
- Ensure that the tipping container is used correctly and safely to avoid the risk of injury when tipping.
- Pay attention to the maximum fill level and load capacity to avoid overloading.
- The tipping container should undergo regular inspections and maintenance to ensure the safety of the lifting and tipping mechanisms.
- Read the operating instructions carefully and comply with all the manufacturer's safety and operating instructions.
- Ensure that the area around the tipping container is clear of people and other hazards when tipping.
- Use and handling only by trained personnel.
- Pay attention to warnings and operating instructions for safe use and consult a specialist if in doubt.
- In case of damage or unclear condition, do not use and contact the manufacturer.
