Safety Instructions:

- Take care when handling the cutting stand to avoid injury.
- Ensure that the cutting stand is properly mounted to ensure stable use.
- Before use, check the weight of the objects stored on it (max. 200 kg).
- Check that the castors are working properly to prevent falls.
- Take care when using the handle bar for cutting to avoid injury.
- Beware of the risk of crushing when moving the cutting stand.
- Ensure that the cutting stand is positioned on a stable surface to prevent it from tipping over.
- Use only for its intended purpose to avoid injury.
- Ensure safe handling of the cutting device during use.
- Do not exceed the maximum load capacity of the castors (200 kg).
- Ensure that small parts are within reach during assembly to avoid the risk of suffocation.
- Use only on level surfaces to prevent rolling away.
