Safety Instructions:

- Choking hazard due to small parts in the cutter.
- Observe safety measures when using the cutting blades.
- Risk of electric shock from electrical components, avoid improper use.
- Maximum load capacity per castor: 70 kg. Do not overload castors.
- Keep the product away from children as it does not guarantee child safety.
- Before use, ensure that the cutting stand is stable.
- Ensure that no persons are in the cutting area during use.
- After use, store the blades safely and protect them from access by unauthorised persons.
- When using the castors, remain on smooth and level surfaces.
