Article Numbers: 38936, 38428, 38427, 38426, 126405

Safety Instructions:

- Install and use the product in accordance with the manufacturer's instructions. Read and follow the installation instructions carefully before use.
- Ensure a stable surface during installation and ensure the stability of the product. Ensure that the U-frame parker is securely mounted on the ground.
- Keep children and pets away during assembly and use. The product is not suitable for children; supervision by children is recommended.
- Carry out regular inspections for wear or damage, in particular check the fastenings for wear and strength to ensure safety and functionality.
- Observe the notes on maximum capacity, weight limits and maximum tyre width to avoid overloading.
- Ensure that there is no contact with water or damp environments to minimise corrosion, even with hot-dip galvanised material.
- Wear protective clothing during assembly and use, including protective goggles and gloves when using assembly tools.
- Do not use the product near water to avoid corrosion and other damage.
- Mount the U-shaped parker securely and do not overload to avoid tipping over and the associated risk of injury.
- When using assembly tools, observe protective measures and prevent injuries.
- Keep the area around the U-shaped parker free of obstacles to prevent injuries.
- Avoid operating the ironing parker in extreme weather conditions to prevent damage.
- There is a risk of injury from overturned bikes if used incorrectly.
