Safety Instructions:

- Ensure that the product is securely and stably mounted on the floor to prevent it from tipping over. Check the stability regularly.
- Avoid overloading and do not exceed the permitted number of bikes to prevent tipping or structural damage.
- Keep the product out of the reach of children; manufacturing waste can suffocate.
- Read the installation instructions carefully and ensure proper use to avoid injury.
- Avoid sharp objects in the vicinity and ensure the correct distance between the bikes (350 mm) to avoid contact and damage.
- The product is designed for bicycles with a tyre width of up to 55 mm, not suitable for wider tyres.
- The product is not suitable for storing heavy loads.
- The product is made of hot-dip galvanised steel; avoid contact with aggressive chemicals that could damage the coating.
