Please note the technical data of the products!

Article Numbers: 26849, 26838

Safety Instructions:

- Risk of suffocation if the cabinet is opened incorrectly or falls over.
- Serious risk of injury due to the heavy weight (185 kg) if handled incorrectly.
- Choking hazard due to swallowing small parts (e.g. lock or fittings).
- Use safety devices for anchoring to the floor to prevent tipping over.
- Observe the manufacturer's maintenance instructions to ensure the safety of the lock mechanism.
- Observe the safety instructions for anchoring the safe correctly to prevent it from falling over.
- Open only by authorised persons; improper use may result in damage.
- Before opening, ensure that there are no persons in the danger zone.
- Do not open the safe in the event of fire or flooding, as this may impair the integral safety features.
- Keep out of the reach of children to avoid the risk of injury.
