Safety Instructions:

- Ensure that the cabinet is properly anchored to prevent tipping and ensure stability.
- Use only for the intended purpose to avoid danger.
- Handle high-security locks and keys with care.
- The product is heavy (230 kg); use suitable aids for transport and installation.
- Do not overload the cabinet to ensure safety.
- Beware of injuries: When opening the door, pay attention to fingers and body parts to avoid crushing injuries.
- Access control: Only allow authorised persons access to the cabinet to prevent theft.
- Observe insurance classification according to VdS class 0/N and provide corresponding information.
